PRECIOUS FACIALS
Ultra Luxury Facial Ritual

Precious Facials are ultra-luxury treatments designed with the precious mineral philosophy of Gemology skincare. These exclusive facials are performed using authentic gemstone massage tools that help stimulate skin energy, improve micro-circulation and enhance absorption of mineral-rich products. The treatment works deeply to restore hydration, improve skin radiance, calm sensitivity and support skin firmness while reducing the appearance of fine lines and dullness. This luxurious ritual provides visible skin rejuvenation along with a deeply relaxing spa experience, leaving the skin radiant, revitalized and refreshed.
